

## #1 Education

Education is a light for darkness, because education protect us from the darkness of Ignorance. Education is the best way of promoting, nowadays every promotion is stood by education. Education can change a person's attitude. We all need to get education in different sides of the life, because we can discriminate between good and bad through education. We promote in life through education, it won't be just a promotion it will be a big success in our life. Allah SWT said'' the educated and uneducated person isn't similar with each other '' , this is one of the best importance of education. In social life there will be so much difference in attitude, between educated and uneducated person. We can remove most problems through education. Without education life is just nil. Education save us from necessities and prepared us to do something by ourselves. Education instructs to us how to spend life and how to make a good life style. Education can protect us from blindness because we can see everything through the light of education. Education is the secret and best gift from God. If we have education so we can compare ourselves to the modern countries. Education removes all bad situation from our life like, troubles, unemployment, necessity, doing crimes and poverty so on. I am so thankful to Gov & authorities for prepared for the best facilities to do Education.

### **#3) Teacher**

Teacher is the best instructor in life, because the only person who instructs to us in different ways is teacher. Actually all humans need to have a teacher, that's why Allah (SWT) has sent so much prophets to the world for positive instruction. A teacher can change your life, he/she can give out you from dark life and take you to the brighten life through best ways. Teacher is like our spiritual father; we must be respectful for teachers. The people who have best and kindly teachers so, their life would be arranged in every part. If we follow our teacher's instructions, will have great future. Teacher is the person who has trained the president, pilot, police and so on. Behind every expert man is a teacher and also teacher

the best gift from God. Teaching is the best occupation than any others occupations in the world, because teacher is also a Collection of knowledge.

### **#4) University**

University is the second center of learning after graduating from high school. We have to be smarter at university than school, because at university we need to study through differently methods and ways like using newest technological equipment for research and also students should be more active at class, during class work and pair works. University is the place where we gain high education from higher educated teachers. University is the place where we learn a lot of new

information and we practice to do practical work in many faculties of university. The most important thing at university is to be most respectful to teachers, we have to accept teachers' instructions and orders beside, we should be ethical with friends if we stay at hostel. We should be respectful for our university like we respect our home and our own apartment and must take care about everything we see at university.

<b>Equipment</b>		<b>Ethical</b>	
<b>Gain</b>		<b>Hostel</b>	
<b>Higher</b>		<b>Respectful</b>	
<b>University</b>		<b>Apartment</b>	
<b>Respect</b>		<b>Everything</b>	

## **#5) Failure**

The word fail is actually a negative word, but you can make it positive for yourself if you learned something from failing. A lot of people have lost wishes due to failing once in their work, unfortunately that's a bad idea we have in our mind, but only few people make positive this word for themselves, but if we look into their life, they would be successful in life, because they have learned from failing at works beside they haven't become hopeless they just afforded the problems and they struggled so much against hardships. The only thing that you should remember while you become fail, is confident, you have to be confident by yourself, because your confidence will motivate you to go ahead and not to be desperate after losing. A lot of people have begun to work better after their lost. Nowadays each negative word we know is experienced by someone in the past!

<b>Failure</b>		<b>Against</b>	
<b>lost</b>		<b>Hardships</b>	
<b>Unfortunately</b>		<b>confident</b>	
<b>Mind</b>		<b>Motivate</b>	
<b>hopeless</b>		<b>Desperate</b>	
<b>afforded</b>		<b>experienced</b>	
<b>Struggled</b>		<b>Against</b>	

## **#6) Mother**

Mother is the only source of kindness, happiness, bless and prayers. Only one person in our family that she gives us aimless love, is our mother. Our mother is that person that we can't finish her all rights. The person who fostered us how to speak, eat, walk and so on, is our mother. If you want to have good life so you have to respect your mother and polite her, beside accept her requests to gain her golden prayers. Mother is the largest bless for everyone in life therefore we should most respect own mothers and we should share love with her and also we should kiss

her hands but unfortunately some of the people are not feeling mother's value. Our prophet

Muhammad (PBUH) said: "There is paradise under the feet of mother". So we need to get this paradise through to keep happy our mothers. A mother is the only best friend in life that we can say anything to her!

<b>Bless</b>		<b>Fostered</b>	
<b>Prayers</b>		<b>Value</b>	
<b>Aimless</b>		<b>Paradise</b>	
<b>Rights</b>		<b>Through</b>	

## **#6) Father**

Father is the best person for his children, father makes himself tired for his children to be safe and comfort. Father is like a backbone of a whole family. The person who always most cares about his children's necessities, is father. We all have to help with father in every part of life, we should stand with father and reinforce his arms. We all have to be respectful for father. Because what we eat, drink, wear, these are the things which father prepares for us by doing hard works, suffering the hardship moments. Father just tries to see the happiness on his children's face, and father tries to make your future best in every part. The children who lost their father would be indigent like have no meals, lack of clothes and facilities. Father is the best gift from God (Allah). We should be thankful from Allah to have that best gift in our life.

## **#7) Friend**

We all should have friends in social life or in every place, because we need to have someone to talk with and share personal information and also we all need to have fun and entertainment with someone. Everyone become tired when they work so much, study so much so that time you

need to have someone to remove your boredom, and tiredness and to make you fresh and to share smile on your lips. Friend is also a second instructor for you, friend can give you positive suggestions and also a best friend can make you relaxed through his/her best advices. A good friend can make you comfort when you are badly nervous. Always try to choose an educated friend because he knows how to make a good friendship with you, how to respect you and how to avoid you from bad habits. If we want to have long friendship with someone we should believe each other about everything.
