Preface

In the name of almighty Allah who is the creator of the universe. He has ordered to go and inspect the world in order to recreate a beneficial area for your life and find out the power of him.

Now-a-days communication is the most widely needed element among human beings because the world has been changed into globalized village due to technology's promotions and social, Islamic Economic, political and educational activities. For the sake of these activities to be done well and for best acknowledgement it's a need to have a powerful and mutual comprehensive communication tool

Which is adapted English Language for this purposes. Additionally, everyone has to learn this tool to get touched and does business in an effective way. For achieving the goal many attempts have been made and in progress. One of the goal seeker is me so, I'm blessed and cheerful that Allah gave me the ability to prepare a shortly explained English Grammar book for English readers and ESL teachers as well.

The book which is being read by you has been simply written and designed.

The content of this book is obtained from "New Elevator Grammar" book written by Hashmatullah Sultani and from English Wikipedia. Human beings aren't free of mistakes, if you find any mistake feel free to share it with us. In the ending page of this book my contact address has been written.

Thank you dear readers!

Best regards
